Women's Institute Studies Report

Louise Lobay Wins First Prize In Farm Safety Essay Contest

LAC LA BICHE — In the recent Alberta Safety Council Farm Safety essay contest Sharon Whitford won first prize in the Lac la Biche School Division for Grades 7 and 8, and Louise Lobay won first prize for Grades 5 and 6. Sharon's teacher is Mrs. E. Gregoire and Louise is a pupil of Mrs. A. Mastaler.

Following is the essay submitted by Louise. Sharon's will follow at a later date.

Sometimes it is the smallest boy in the group who is the bravest. This was true when Billy Forrester and a group of bigger boys went swimming.

Billy's nickname was "Pee Wee", which well suited him for he was the smallest of the group. Tom Morrison called, "Hey, Pee Wee, are you going to swin to the raft with the other boys?" "Yes, I guess I will," Bill replied. "When are you going to start?" "Pretty soon," said Tom and he sat down to wait for the other boys to come. Billy decided to wait too, so he sat down beside Tom and asked "Does your mother always tell you to be careful when you go somewhere." "Yes, replied Tom, "But I am big enough to look after myself now. I guess your mother tells you that because you are so much smaller than the rest of us." The boys then turned their heads to the sound of shouting and laughter.

At last they were on their way to the raft. The bigger boys were the first ones to reach it and they laughed at Billy. "Hey, Pee Wee, are your hands too short to paddle all the way here?" one of the boys shouted. "I'll get there," answered Billy, and he did. Jackie Mantel was diving off the raft and acting smart. Then he got on the raft and whispered to the other boys, "Let's throw Tom in. He is the only one that did not dive off the raft yet." Everyone nodded their heads except Billy. Then they threw the surprised and shouting Tom into the water.

Tom didn't come up and the boys were afraid. "They'll blame it on us if he drowns," one of the boys said. "I am getting out of here". Everyone followed him. Then Billy called "You are not going to let him drown, are you?" but the boys were already too far to hear, or too afraid to answer.

Billy then knew it was up to him and he jumped in after Tom. Then he came up and hauled Tom onto the raft.

One of the bigger boys told his parents what had happened and they immediately got Tom and Billy off the raft and rushed them to the hospital. Tom had hit his head on something in the water and had fractured his skull but he would live, thanks to Billy.

Now the other boys knew how cruel and foolish they had been. The Morrison's were very grateful to Billy and gave him a reward. Billy was never to be called Pee Wee again and that was all he wanted.

This accident could have been avoided if the other boys had not listened to bad advice and they should have known better than to throw someone into the water.

Farmer Loses Foot In Tractor Mishap

FRAINS — Mike Ustina had an accident with his tractor while combining recently. His ankle was badly crushed and he had to be taken to the hospital immediately.

Accompanied by his housekeeper Mrs. Katy Kuyek, he was rushed to St. Catherine's Hopital in Lac la Biche by John Nahrabinchyk and Rae Kolach. He was then flown to Edmonton where his foot was amputated.

Hylo

Leo Kaduik Jr., a Grade 10 student, went to Edmonton hoping to obtain work.

Mr. and Mrs. Walter Lozinski and Andrew Lozinski attended the wedding of Miss Jean Nimchuk at Redwater.

Gordon McEachern accompanied Stan Grandish to Edmonton last Wednesday.

PRIME MINISTER Robert Menzies of Australia, fresh from Washington discussions of Asian threats in the cold war arrived in Canada for talks with Prime Minister Diefenbaker.

Cut Ribbon To Open New Golf Course

The ribbon was cut last Sunday to open the nine-hole golf course near the town of Lac la Biche.

Dr. D. D. Bouvier did the honors. Mayor Mike Maccagno said the opening was another milestone in the activities of their progressive town.

A good sized crowd was on hand and many followed Pete Olinyk of the Mayfair Golf Club in Edmonton and Dr. Bouvier who gave an exhibition match.

Golfers made steady use of the course, and a refreshment booth set up on the grounds was kept busy.

Sewage Disposal Field Day For Lac La Biche

S. C. Powers, district agriculturist, reports that there is a considerable interest shown by farmers in the installation of farm water and sewage systems in the Lac la Biche district.

To assist those interested in such installations a sewage disposal field day will be held on Thursday, July 7 at 1 p.m., on Mike Stefanik's farm four miles south west of Lac la Biche on the Venice road. During this day a sewage disposal system will be installed under the supervision of department of Agriculture engineer, with each step being thoroughly explained so that all attending will be able to make their own installations after receiving this instruction.

Septic tank forms for use in making concrete tanks are now available and can be obtained on a rental basis. Application for them should be made at the district agriculturist's office.

W. C. Kirk, agricultural engineer, visited this district recently and made preliminary surveys for five sewage systems which will be installed this summer. Judging from this initial response to this program it is expected that a large number of farm homes will have the same conveniences common to city homes.

Financing of these installations can be arranged by borrowing funds through the farm home improvement act at any bank. This act enables farmers to borrow up to $2,000 at 5% over a 10 year period to affect improvements to their homes.

Mrs. W. Coast Gives Talk On Mental Health Seminar Held In Edmonton

The June meeting of the Lac la Biche Women's Institute was held at the home of Mrs. S. Hamar with 17 members and two guests, Mrs. J. Clark and Mrs. S. Odynak, present.

After the usual opening of the meeting Mrs. Creighton read an interesting article called "Flower Lore."

The treasurer reported a balance of $131.50.

The recent bake sale was sufficiently successful to cover our commitment to the recreation fund. The WI expressed thanks to all who supported this effort.

The library will be open only from 2:00 p.m. to 4:00 p.m. each Friday during July and August.

A letter was received from Mrs. Eaton in appreciation of the accommodation supplied to the University Choir on its recent visit to Lac la Biche.

No delegate has as yet been chosen for the conference to be held at Abee the end of July but several ladies expressed their desire to attend.

Mrs. W. Coast read her report on the seminar on mental health which she recently attended in Edmonton. This report was interesting and informative. Later Mrs. Coast answered many questions concerning this important subject.

It was learned that mental and emotional illness is the most difficult and most important health problem in Canada. At the present time nearly one-half of all hospital beds in Canada are occupied by patients suffering serious mental illness, and at least one in 10 of every Canadian suffers from mental or emotional illness. Statistics show that the greatest number of patients suffering from mental illness are in the 14 to 20 year group and those over 60.

The Mental Health Association is attempting to help this serious situation by a program of education, services for the mentally ill and by research.

The educational program has three principal objectives: to increase public understanding of mental health; wipe out the stigma most of us attach to mental illness; the prevention of mental illness and to increase public support for expanded treatment facilities.

Mrs. Coast described the tour of the institution at Oliver which she, in company with other delegates at the seminar, had taken. Many means are attempted with much success to restore the patients to complete health and one way interested friends can help is to donate books, attractive jewelry and articles of clothing. Treadle sewing machines are needed as many patients are excellent seamstresses and enjoy this type of work.

The meeting adjourned and lunch was served by Mrs. Hamar and her co-hostess Mrs. H. Senetza.

Members Of Council Meet Gas Officials

LAC LA BICHE — Some of the important aspects of a town-owned gas system were discussed June 18 when a number from town council made a trip to Edmonton to meet with gas officials in Edmonton. Those making the trip were Mayor Maccagno and Councillors McMillan, Lobay, Shanks and Secretary Creighton.

Provincial Treasurer Hon. E. W. Hinman, R. K. Banister of Banister Construction Co. and others gave hours of their time to clarify and explain details of a proposed plan which will soon be presented to the ratepayers of the town for approval.

Shower Complimetns Miss M. Smolarchuk

LAC LA BICHE — A miscellaneous shower was held in honor of Miss Marjorie Smolarchuk recently. Some 25 school friends were present for the occasion.

Assisting the bride-elect to open her gifts were Leona Rosa, Esther Johnson, Josephine Fornari and Simonne Langevin.

Miss Smolarchuk's marriage to Mr. Leo Langevin is an event of July 4.

THE Homemaker

By BERTHA M. McCUTCHEON

Farm Women's Week is being held this year at the Olds School of Agriculture, July 18th and 21st. Accommodation is provided in the School Dormitories at a charge of $4.00 per day for board and room (banquet included). The charge for room only is $1.50 and for meals at a rate of 50c for breakfast, $1.00 for dinner and $1.00 for supper. No charge is made for children under six years of age—a charge of $1.50 per day is made for children six to twelve years. No other fees are charged.

B. McCutcheon

For mothers who must bring a baby, or small child with them, supervision for the children during class hours will be arranged at no extra charge. However, it is necessary to advise the School well before arrival if bringing a baby or child so that suitable arrangements may be made.

Please bring your own towels, soap and toilet articles.

While the program is planned for farm women, town and city women are welcome. Homemakers find the program informative and interesting and whether living on a farm, in town or city, it will be helpful in keeping up-to-date with homemaking practices.

The program is planned to include lectures and demonstrations in practical Home Economics topics as well as topics of general interest such as Horticulture. Education, Health, etc. Provision is also made for recreation and relaxation from the routine of home duties.

Sewing demonstrations will be carried on in the display room during the whole week. Assistance with any of your sewing problems will be given by the sewing specialist.

Those planning to attend are invited to bring any handicraft of interest they may have. It is hoped that a special display can be made of these. Bring rugs, quilts, weaving, leathercraft, metalcraft, needlepoint, etc.

To assist in entertainment please bring along any of the following according to your special talent: music, readings, instruments for rhythm band, script for skit or short play, etc.

Please write or call in at this office for an application form and a copy of the detailed program for the Farm Women's Week.

Helina

Recent visitors at the Jim Pierce home were Lorne and Kenneth Carruthers and Norman Godwin.

Frank Onciul and Richard visited in the district over the weekend. Richard is now home for his holidays.

Mrs. R. Tricker was a weekend visitor in the district.

Mr. and Mrs. Earl Whelen recently visited their son-in-law and daughter Mr. and Mrs. Don Atfield in Clandonald.

TENDERS

SEALED TENDERS will be received by the undersigned up to 5:00 o'clock p.m., July 12th, 1960, for the contract to remove and dispose of existing shingles from the roof of the Memorial Hall and apply new asphalt shingles and tar paper. All materials will be supplied by the Town. The lowest or any tender not necessarily accepted.

SEALED TENDERS will be received by the undersigned up to 5:00 o'clock p.m., July 12th, 1960, for the contract to prepare the exterior surface of the Memorial Hall for painting, which includes replacing base board and drip cap, replacing siding where required, cleaning and scraping where required and any other preparation necessary for a good paint job. The contract will include applying two coats of first grade paint to be supplied by the Town. The lowest or any tender not necessarily accepted.

For further information write the Secretary-Treasurer of the Town of Lac la Biche or call at the Town office.

F. D. CREIGHTON,
Sceretary-Treasurer.

Noral

Mr. and Mrs. Mike Kniazky are proud parents of a baby boy born in Edmonton.

Nick Krawchuk visited at the home of Mr. and Mrs. Mike Kniazky.

Donald Shelest was home from Whitecourt for the weekend.

Harold Hansen traded his 1952 Mercury car for a 1956 Ford truck.

Miss Evelyn Krawchuk visited at the home of her sister Mrs. Mike Kniazky over the weekend.

Fork Lake

Sympathy of the district is extended to Mr. and Mrs. John Ross on the death of their eldest son James of Edmonton.

Mr. and Mrs. Paul Kuzma of Edmonton attended the Boucher-Gagnon wedding reception and dance and visited in the district over the weekend.

The two senior rooms of the Rich Lake school held their annual picnic at the lake, where the Sugden school met them for a ball game and were the winners.

Mr. and Mrs. Chester Whelen and daughter were weekend visitors at the Jim Whelen home.

Mr. and Mrs. Ray Whitford and small children spent a few days in Edmonton.

Georgina Reid broke her thumb while playing ball at school and has her hand in a cast.

Archie Killam of Bruce visited in the district over the weekend.

Jimmy Whelen Jr. has returned to Edmonton to work on a construction project.

Freddy Classen of McRae was a recent visitor at the Evans farm.

Harold and Eddy Whitford spent a few days with Jim Whelen Sr. while their parents were in Edmonton.

A number of persons from this district attended the wedding dance in honor of Mr. and Mrs. Raymond Gagnon at the Beaver River Hall.

Euginia Shwetz & John Poleschuk Seal Wedding Vows With Two Rings

FRAINS — The Ukrainian Greek Orthodox Church in Boyle was the scene of a beautiful wedding when Miss Euginia Shwetz, second eldest daughter of Mr. and Mrs. Jacob Shwetz of Frains, exchanged vows with Mr. John Poleschuk, only son of Mr. and Mrs. Jacob Poleschuk of Boyle.

Rev. N. Stetzenko officiated at the double-ring ceremony.

The bride was lovely in her floor-length gown of white scalloped lace over net. The dainty nylon tulle fingertip veil was held in place by a crown trimmed with simulated pearls and sequins. The bride carried a bouquet of red roses. Her only jewelry consisted of white pearl earrings.

All bridesmaids wore similar dresses of net over satin, with a short-tiered skirt. Complementing their dresses were headpieces matching in color. All wore white shoes. Their jewelry was pearl necklaces and earrings, gift of the bride. They all carried bouquets of matching flowers.

Bridesmaids were: Miss Minnie Shwetz, sister of the bride, in light blue; Miss Carol Marchak, cousin of the bride, in pink; Miss Elizabeth Shwetz, cousin of the bride, in light blue and Miss Anne Hula, friend of the bride, in pink.

The groom's attendants were Mr. Alex Kononchuk, relative of the groom; Mr. Rae Kolach, second-cousin of the bride; Mr. Mike Yean, cousin of the groom and Mr. Lawrence Nikipelo, friend of the groom. The best man wore identical bowties, gift of the groom.

A banquet was served in the Boyle Community Hall for approximately 300 guests after which a dance was enjoyed. Music was supplied by the Silvertones.

The bride and groom left on their honeymoon to northern Alberta. They will make their home with the groom's parents near Boyle.

Card of Thanks

I wish to express my sincere thanks to those, who so kindly remembered me with cards and good wishes, during my recent stay in hospital.

A very special thanks to the Amisk Mission Band, and the FUA Local, for the lovely baskets of fruit, and to the staff of St. Anne's Hospital for the kindness shown me, while there.

Mrs. S. Solbak.

In Memoriam

In Memory of our Dear Son and Brother Peter Feledichuk, who passed away June 29, 1959.

So, Peter, Darling, how we miss you
This world will never know.
If tears and sighs could bring you back
You would have been back long ago.

Sadly missed by Mom, Dad, Brothers and Sisters.

Some people are very cautious about paying bills.

Ellscott

Mr. and Mrs. Paul Legdon, Diane and Debbie of McLennan are spending their holidays with Mr. and Mrs. Tony Lindstrom.

Mr. and Mrs. Donley Weymouth of Chilliwack, B.C. were recent visitors in this district.

Carl Neil was a patient in the Colonel Mewburn hospital in Edmonton for some time.

Mr. and Mrs. Bob Splane of Edmonton spent a recent weekend visiting with Mr. and Mrs. E. M. Splane.

Grace and George Klem of Edmonton enjoyed a visit with their parents, Mr. and Mrs. Mike Klem over the weekend.

AN EDMONTON LAWYER and his wife will take a free trip to Europe, courtesy of the Alberta Motor Association. Fred Jenner, president of the AMA, left, is shown with Charles Grant, Q.C., whose efforts on behalf of the association over the years were rewarded in this manner. Mr. Grant was the first president of the AMA and continued in this post for about five years. The idea of a provincial motor association was conceived when Mr. Grant was president of the Edmonton Automobile and Good Roads Association, which still exists with Mr. Grant as its president. It operates the Edmonton Auto Court which was not transferred to the Motor Association. The Alberta Motor Association was organized in 1925 as the Alberta Automobile Association and owing to the conflict of the initials "AAA" with the American Automobile Association it was incorporated as the Alberta Motor Association in 1926.

Olga Bakay Feted At Shower Party

LAC LA BICHE — Miss Olga Bakay, bride-elect of July 2, was guest of honor at a miscellaneous shower held June 23 in the Masonic Hall. Some 40 ladies were present for the occasion. The hall was beautifully decorated with pink and blue streamers and fresh garden flowers. A gaily decorated parasol was suspended over the bride's chair.

Miss Victoria Torreson assisted Miss Bakay in opening her many attractive gifts. Later lunch was served.

Hostesses for the evening included Mrs. N. Zinko, Mrs. P. Bezpalko, Mrs. C. Tratch, Mrs. A. Macor and Mrs. S. Stefanyk.

Mrs. Myrtle Houcher Feted On Birthday

HYLO — A surprise birthday party was held for Mrs. Myrtle Owchar at her home recently.

Many gifts were received from relatives and friends. A lunch, highlighted with a birthday cake, concluded the evening.

RISING COSTS AFFECT RATES

An increase of ½ cent per agate line or 7 cents per column inch will become effective next week. This was announced for issues dated after Saturday, July 1. It represents an increase of 11.1 percent, and is due to increased costs of labour and materials affecting the printing and publishing industry.

Fort Saskatchewan Police Chief Quits

FORT SASKATCHEWAN — The resignation of chief constable Victor Richardson was announced by Mayor C. Hennig.

Mayor Hennig and the resignation, accepted by the town council was to be effective at the end of June.

Chief Richardson and a constable were dismissed from the force six months ago. He was later reinstated and his work commended by council.

So far, we have not been asked to judge the Miss Universe contest.

Jasper-Edson MP Against Campaign Used By Doctors

OTTAWA—Alberta doctor Hugh M. Horner (PC — Jasper Edson) said recently he holds no brief for the campaign launched by his profession in the Saskatchewan election.

"I believe it was wrong," he said in the Commons, referring to the opposition mounted by Sakatchewan doctors to CCF plans to bring in provincial health insurance.

Dr. Horner said nobody, including labor unions, "should do as the profession did in Saskatchewan in launching its own campaign."

He doubted anybody disagreed with the view that everybody is entitled to adequate medical care.

The question was the method to follow and he fully backed the stand of the recent Canadian Medical Association convention at Banff, Alta. The "very personal relationship" between doctor and patient couldn't be socialized.

Dr. Horner also said that he feels that drug prices constitute an area requiring investigation, but in a reasonable way. Some advertising and the availability of certain drugs required attention.

CCF OPPOSES BLAST

CCF delegates adopted a resolution Friday urging "all Albertans and all citizens of Canada to vigorously protest the use of nuclear explosions in the Alberta tar sands."

Many a wife takes credit for the making of her husband when, perhaps, it happened in spite of handicaps.

Mr. and Mrs. Lawrence Turgeon, Normandeau, a boy;

Mrs. and Mrs. Aurel Plamondon, Plamondon, a girl;

Mr. and Mrs. Raymond Bellerose, Kikino, a girl;

Mr. and Mrs. Walter Maki, Rich Lake, a boy;

Mr. and Mrs. Walter Tichonu, Lac la Biche, a girl;

Mr. and Mrs. Oscar Duperron, Plamondon, a boy.

Intelligence does not always accompany the degrees that some people acquire.

Rich Lake

Sympathy of the district is extended to the wife and children of James Ross, his parents, Mr. and Mrs. John Ross, and family and his grandmother, Mrs. Anna Stevens. Mr. Ross was a resident of Edmonton for several years, but formerly lived here. He was changing a tire on his truck on the highway near Whitecourt, when the accident occurred that caused his death.

Several district families visited the Fork Lake Cemetery on Father's Day to beautify the grounds.

The Walter Makie farm house has been torn down and will be rebuilt in the Craigend district.

Wandering River

A dinner was held at the home of Mr. and Mrs. Fred Rebkowich in honor of their son Paul who was recently married to Gerda Wenzel of Medicine Hat.

Mrs. Olga Zubko has returned after spending a few weeks in Edmonton.

LAC LA BICHE Alberta

BY-LAW No. 326

of the Town of Lac la Biche

A By-law to authorize the Municipal Council of the Town of Lac la Biche to incur an indebtedness on behalf of the said town by the issuance of Debentures for the purpose of providing a Natural Gas Supply and Distribution System for the Town.

WHEREAS it is deemed expedient that the Town acquire, either by construction, or partly by construction and partly by purchase, and own and operate a natural gas transmission and distribution system to serve the needs of the residents of the Town;

AND WHEREAS plans, specifications and estimates for the acquisition of such a system have been prepared by T. J. Robertson, B.Sc., Professional Engineer, whereby the total cost of the said natural gas transmission and distribution system is estimated not to exceed $210,000.00;

AND WHEREAS in order to so acquire the said system it will be necessary to borrow the sum of $210,000.00 by issuing Serialized Natural Gas System Revenue Debentures as herein provided;

AND WHEREAS the said indebtedness is to be repaid over a period of 20 years, with interest not exceeding seven and one-half (7½%) percentum per annum payable annually on the outstanding balance, and the principal in 17 installments, the first of such to become due and payable at the end of the 4th year and the remainder each year thereafter, all as herein provided;

AND WHEREAS the whole rateable property of the Town according to the last revised assessment roll is $1,280,150.00;

AND WHEREAS the amount of the existing debenture debt of the Town is $169,586.65 no part of which is in arrears and of which the sum of $54,465.15 is authorized to be collected by way of special assessment;

AND WHEREAS The Town and Village Act, as amended, provides that debenture debt created for the purchase, construction, maintenance, or improvement of a public utility may be made:

(a) a lien and first charge on the gross revenues of such public utility only and not on the taxes, rates or other revenues of the town, and

(b) whenever it appears that such public utility rates are too low to produce sufficient revenue to pay the principal and interest on the said debentures, the council shall, by by-law, provide for the raising of the deficiency by an increase in the said rates;

AND WHEREAS it is estimated that the rates proposed for the natural gas service to be provided by the system authorized hereby will produce gross revenue more than sufficient to pay the costs of purchasing the necessary natural gas, the costs of operating and maintaining the said system in a proper and satisfactory manner, and paying the installments on principal and interest when they become due;

AND WHEREAS by a plebiscite held on the 29th day of May, A.D., 1959, by a vote of 104 for, and 34 against, the burgesses authorized the Council to determine the feasibility of establishing a natural gas transmission and distribution system to be owned and operated by the Town;

AND WHEREAS the estimated life of the proposed system is 30 years minimum;

NOW THEREFORE THE MUNICIPAL COUNCIL OF THE TOWN OF LAC LA BICHE IN COUNCIL ASSEMBLED ENACTS AS FOLLOWS:

1. The Municipal Council of the Town of Lac la Biche is hereby empowered and authorized to enter into such contracts as may be necessary for the construction, or purchase and construction, and operation of a natural gas transmission and distribution system for the said Town, or, if it appears more expedient, for the purchase of any existing transmission line and the construction of a distribution system, such system, howsoever acquired, from and after the acquisition thereof, to be controlled by the Municipal Council of the said Town and operated by and for the said Town;

2. The cost of acquiring the said system shall be paid out of the proceeds of the sale of the Serialized Natural Gas System Revenue Debentures, Series 1960, of the Town, in the principal amount of $210,000.00 as herein authorized; the said revenue debentures shall not constitute general obligations of the Town but shall be payable, both principal and interest, solely from the revenues derived from the operation of the said natural gas transmission and distribution system.

3. The debentures to be issued under this by-law shall be for the said sum of $210,000.00 and shall be dated the 1st day of August, 1960, or upon such day as may be appropriate having regard to the date of the borrowing of the money, shall be payable in seventeen (17) annual installments of principal on the 1st day of August in each of the years 1964 to 1980 inclusive, or on such other day in each year as may be appropriate having regard to the date of the borrowing; the said debentures shall be issued in denominations of $100.00, $500.00 and $1,000.00, shall be numbered, and shall become serially due on the 1st day of August, or on such other day in each year as may be appropriate as follows:

Bond Numbers	Denominations	Amount	Maturity August 1st
AC001-AC080	$100	$8000	Aug. 1, 64-Aug. 1, 71
AV001-AV100	$500	$50,000	Aug. 1, 64-Aug. 1, 80
AM001-AM152	$1000	$152,000	Aug. 1, 64-Aug. 1, 80

PROVISO:

The maturity date of August 1st in each year shown in the above schedule is tentative only and any other date which may be appropriate having regard to the actual date of the borrowing may be substituted therefor.

4. The said debentures shall be issued in denominations of $100.00, $500.00 and $1,000.00 as herein provided, shall bear interest at the rate of not more than seven and one-half (7½%) percentum per annum payable annually and shall have coupons attached thereto for the payment of such interest on the 1st day of August, or on such other day in each year as may be appropriate having regard to the date of the borrowing.

5. The said debentures shall be payable as to both principal and interest and redemption premium, if any, in lawful money of Canada at the principal office of the Guaranty Trust Company of Canada, in the City of Edmonton, in the Province of Alberta, or at the branch of the Provincial Treasury Branch, or such branches of chartered banks located in the Town of Lac la Biche, in the Province of Alberta, each year as may be appropriate having regard to the date of the borrowing.

6. The said Debentures shall be redeemable at the option of the Town on the 1st day of August, 1971, or on any interest payment date thereafter prior to maturity, as a whole, or in part by lot from time to time, at the places and in the money described in the next preceding section, upon payment of the following respective percentages of the principal amount thereof, namely: 103% if redeemed 7 to 10 years (inclusive) before due date; 102% if redeemed 4 to 6 years (inclusive) before due date; 101% if redeemed 2 or 3 years before due date, and 100% if redeemed thereafter; in each case together with accrued interest to the date set for redemption.

Notice of intention to redeem any such Debentures shall be sent by post at least 30 days prior to the date set for redemption to each person in whose name any such Debenture is registered at the address of such person shown in the Debenture Register of the Town, and shall also be given by publication, at least 30 days prior to the date set for redemption, once in a newspaper published or of general circulation in the said Town. In the event of a partial redemption the Debentures to be redeemed shall be selected by lot in such manner as the Council may deem equitable.

If notice of intention to redeem has been given as herein provided, the principal of every debenture to be so redeemed becomes due and payable on the date set for redemption and from and after that date interest ceases to accrue on the Debentures so to be redeemed and coupons calling for payment of interest after that date shall be null and void.

7. The said Revenue Debenture shall contain the following provision:

"This debenture or any interest therein shall not after a certificate of ownership has been endorsed thereon by the secretary-treasurer of this Town be transferable except by entry by the secretary-treasurer in the Debenture Register of the Town."

8. The said Debentures shall be signed by the Mayor and Secretary-Treasurer of the Town of Lac la Biche, and the Secretary-Treasurer shall affix thereto the corporate seal of the said Town;

9. The coupons attached to the said Debentures shall be signed by the Mayor and Secretary-Treasurer of the said Town and such signatures may be engraved, lithographed, or otherwise mechanically reproduced.

10. The proceeds of the Revenue Debentures herein authorized shall be segregated and kept separate and apart from the other revenues and funds of the Town and shall be used solely for the purpose of acquiring, as herein provided, the said Natural Gas Transmission and Distribution System, except that where, upon the completion of the said system, or in consequence of the partial abandonment of the work, there remains an unexpended balance, the Council may apply to the Public Utilities Board for permission to use such unexpended balance in a manner and for a purpose as provided in Section 450b of the Town and Village Act.

11. All of the revenues derived or to be derived from the operation of the said Natural Gas Transmission and Distribution System herein authorized shall be segregated and kept separate and apart from the other revenues and funds of the Town and all such monies shall be administered and used solely as herein provided.

12. For the purpose of effecting and securing the segregation of revenues and accounts as herein provided the following special funds shall be established and maintained by the Town:

(a) "Town of Lac la Biche Natural Gas System Construction Fund," elsewhere herein referred to as the "Construction Fund."

(b) "Town of Lac la Biche Natural Gas System Income Fund," elsewhere herein referred to as the "Income Fund."

(c) "Town of Lac la Biche Natural Gas System Revenue Debenture Retirement Fund," elsewhere herein referred to as the "Revenue Debenture Retirement Fund."

(d) "Town of Lac la Biche Natural Gas System Operations Fund," elsewhere herein referred to as the "Operations Fund."

(e) "Town of Lac la Biche Natural Gas System Surplus Fund," elsewhere herein referred to as the "Gas Surplus Fund."

13. All monies received from the sale of the Revenue Debentures herein authorized shall be deposited in the aforesaid "Construction Fund," and shall be used solely for paying the costs necessarily incidental to the issue and sale of the said Debentures, for the Construction, or purchase and construction, maintenance or improvement, of the said system, and such other costs and expenses necessarily incurred in acquiring the said system or for the repayment of any temporary loans or advances obtained therefor.

No withdrawals shall be made from the said "Construction Fund" except upon the authorization of the Council by resolution and the certificate of the Secretary-Treasurer that such payment is required for a purpose within the scope of this by-law and that the amount of such payment represents only the contract price or reasonable value of the property, labor, materials, service or obligation being paid for.

Any surplus remaining in the said "Construction Fund" upon completion of the system shall be subject to the provisions of Section 10 of this by-law.

14. All revenues derived or to be derived from or in connection with the operation of the said system shall be deposited in the "Income Fund."

On the first day of every month, after the first month in which bills are rendered to customers for natural gas and service supplied by the System, the Secretary-Treasurer shall cause to be transferred from the "Income Fund" to the "Operating Fund," sums sufficient to pay the estimated costs of the reasonable and proper expenses of operating and maintaining the System and keeping the same in good repair and working order, including, without limiting the generality of the foregoing, payments due under any contract which the Town may enter into for the operation and maintenance of the System, or, if there be no such contract subsisting then, salaries, wages, costs of materials and supplies, insurance, and the cost of natural gas purchased by the system and any other costs properly incidental to the prudent operation and maintenance of the said System.

After the sums provided for in the next preceeding paragraph have been transferred as provided, the balance of the monies remaining in the "Income Fund" shall be transferred forthwith to the "Revenue Debenture Retirement Fund."

15. All monies deposited in or transferred to the "Revenue Debenture Retirement Fund" shall be used solely for the purpose of paying the interest and principal on the said Revenue Debentures when such become due, and shall be held in trust for that sole purpose except as provided in the next following section.

16. If, in any year after the first year in which payments on the principal of the said Revenue Debentures become due, after all installments on the principal and interest which have become due and payable have been paid, or sums sufficient to make such payments have been appropriated for such purpose, the balance of monies remaining in the said "Revenue Debenture Retirement Fund" is in excess of a sum equal to one hundred and fifty (150%) percent of the sum required to meet the next installment of principal and interest to become due, then the Council may, by resolution, authorize the transfer of such excess monies to the "Gas Surplus Fund."

17. The Council may by resolution direct from time to time as it deems expedient that any monies standing in the "Gas Surplus Fund" may be used for any of the following purposes:

(a) To be allowed to accumulate for the purpose of redeeming Revenue Debentures prior to maturity as herein provided.

(b) To be paid to the General Revenue Account of the Town.

(c) To pay the cost, or any part thereof, of any extensions or improvements to the System which may be authorized by Council.

(d) To be held and/or allowed to accumulate to provide a reserve for financing any necessary or anticipated replacement or extension of or improvement to the said System.

18. In the event the Council decide that any of the monies in the said "Gas Surplus Fund" be used for the purpose of redeeming Debentures prior to maturity then it shall provide for the redemption of the last outstanding Debentures before redeeming any of a prior maturity date.

19. The principal of and interest on the said Revenue Debentures herein authorized shall be payable solely from the revenues derived by and from the operation of the system and neither the said Debentures nor the interest thereon shall be payable in whole or in part out of funds raised by taxation. Such Debentures shall not be or constitute a general obligation of the Town, nor shall they constitute indebtedness of the Town within the meaning of any statutory limitation.

20 If at any time the balance of the monies remaining in the "Revenue Debenture Retirement Fund" are not sufficient to pay the principal of and interest on the Debentures herein authorized as and when the same become due, then the amount of such deficiency shall be made up by transfer of any available monies from the "Gas Surplus Fund."

21. If at any time the revenues derived from the operation of the System shall be insufficient to make any payment as herein provided, such deficiency shall be made good by making such payments out of the first available revenues thereafter received from the operation of the System.

22. The Council shall fix, establish, maintain, and collect such rates, fees, and charges for natural gas and service furnished by the System as will produce revenues sufficient to provide funds to pay for natural gas purchased by the System, the reasonable and proper cost of operation and maintenance of the System, and to pay the principal of and interest on the said Revenue Debentures herein authorized, as and when the same become due, and to create reasonable reserves as herein specified. And in particular, except as otherwise herein provided, the following rate schedule shall apply to all customers of the System:

(a) Domestic: Minimum monthly charge to include the first two MCF—$3.00. All additional MCF—60c per MCF.

(b) Commercial: (Available to customers using more than 600 MCF per year). Minimum monthly service charge—$6.00. Charge for gas consumed—50c per MCF.

(c) Industrial: By negotiated contract but not less than 35c per MCF.

23. The System shall be maintained in good repair and working order and all installations shall comply with the provisions of the Gas Protection Act, being Chapter 129, R.S.A. 1955, and the amendments thereto, and the regulations thereunder.

24. The Town shall carry and maintain a reasonable amount of comprehensive insurance upon the properties forming part of its System in so far as they are of an insurable nature, the amount and character of such insurance being such as would normally be carried by a private corporation engaged in a similar type of business. In the event of loss or damage, the Town shall use the proceeds of such insurance in reconstructing or replacing, with all reasonable dispatch, the property damaged or destroyed, or, if such reconstruction or replacement is unnecessary then the said proceeds shall be deposited in the "Gas Surplus Fund," to be used as provided in sub section (a) of section 17 herein.

The Town shall also carry and maintain in effect public liability insurance to protect the Town and the System against liability for damage, loss or expense arising from damage to property or injury or death of any person or persons arising in any way out of, in connection with, or resulting from the operation of the System with limits not less than shown on the respective items next following:

Public Liability (Bodily Injury)—One Person, $100,000; One Accident, $500,000.

Public Liability (Property Damage)—One Accident, $100,000; Aggregate, $500,000.

Automobile (Owned, Non-owned and Hired Units) (Bodily Injury)—One Person, $100,000; One Accident, $500,000.

Automobile (Owned, Non-owned and Hired Units) (Property Damage)—One Accident, $50,000.

Each such policy of insurance shall contain a provision obligating the insurer to give the Town written notice of cancellation not less than thirty (30) days prior to the date of cancellation.

The cost of all insurance referred to in this section shall be paid as an operating cost out of the revenues of the System.

25. The Secretary-Treasurer of the Town shall keep and maintain adequate and proper books, records and accounts, in which complete and correct entries shall be made of all dealings and transactions of or in relation to the properties, business and affairs of the System. Such accounts shall show the source and amounts of all revenues received, the application of such revenues, and all financial transactions in connection therewith. Such books, records and accounts shall be kept according to standard accounting practices as applicable to the operation of utilities and as required by the Town and Village Act.

Co-incidental with the annual audit of its affairs required by the Town and Village Act the Town will cause an audit to be made of the accounts of the System for the preceding calendar year. Each such audit, in addition to such matters as may be required by the Town and Village Act, or thought proper by the auditor shall, without limiting the generality of the foregoing, include the following:

(a) A classified statement of gross revenues received, of the cost of gas purchased, of expenditures for all other purposes, net operating revenues, the amount and details of capital expenditures made during the calendar year and the sources from which payment was made;

(b) A balance sheet for the System for the preceeding calendar year to include the balances on hand at the end of such year in each of the special funds authorized by this by-law.

(c) A statement of all Revenue Debentures matured and paid or called for redemption during the preceeding calendar year, and the amount of all interest paid during such year on all Revenue Debentures;

(d) A statement showing the amount and character of the insurance policies carried by the Town on the property of and in connection with the operation of the System, the names of the insurers, the expiration dates of policies, the premiums thereon, and any claims made thereunder and the disposition of the proceeds thereof, if any;

(e) The following statistical information: The total quantity of gas purchased, the total quantity billed to customers, the numbers of customers in each rate classification served by the system at the beginning and at the end of the calendar year, the number of customer services disconnected, and the reasons therefor, and the number of new services, by rate classification connected during the calendar year.

(f) Within 30 days of the completion of each such audit the auditor shall deliver certified copies of all such statements to:

(i) The Mayor of the Town for the information of the Council.

(ii) The Minister of Municipal Affairs.

(iii) The Provincial Treasurer.

If any such audit shall disclose any irregularities or any failure to properly discharge any duty or obligation imposed by any provision of this by-law the Council shall forthwith take such action as may be necessary in order to meet and satisfy all such requirements and to correct any irregularity.

26. In the event that it appears to the Secretary-Treasurer or the Auditors that the balance of the monies available for the payment of the principal of and interest on the Revenue Debentures will be insufficient to meet the payments falling due in any year then the Secretary-Treasurer or the Auditor, as the case may be, shall forthwith advise the following:

(a) The Minister of Municipal Affairs, and

(b) The Provincial Treasurer, and

(c) The Mayor of the Town for the information of the Council.

Upon receipt of such information by the Mayor the Council shall forthwith set a new rate schedule to take effect immediately and such new rate schedule shall be calculated to produce revenues sufficient to raise the deficiency, and provide sufficient funds to pay for gas purchased by the System, the cost of operating and maintaining the System, and to pay the interest on and the principal of the Revenue Debentures herein authorized when it becomes due and payable, and to create reasonable reserves as herein specified.

27. In the event that the Council fails to increase the rates as herein provided and it appears to the Minister of Municipal Affairs that default in the payment of the principal of or interest on any Revenue Debentures herein authorized will occur when the same becomes due and payable then the Minister of Municipal Affairs may take such action as to him seems necessary to prevent such default from occurring, to correct the situation and to raise the deficiency, and, without limiting the generality of the foregoing, may request the Lieutenant-Governor in Council to dismiss the Council and appoint an administrator of its affairs.

28. Nothing contained in this by-law shall be construed as imposing any duty or obligation on the Town to levy taxes either to meet any obligation herein or to pay the principal of or interest on the Revenue Debentures herein authorized.

29. The word "Town" as used in this by-law shall mean the Town of Lac la Biche, in the Province of Alberta. The words "Municipal Council" or "Council" shall mean the Municipal Council of the said Town. The words "Natural gas transmission and distribution system", "Natural Gas distribution system", "Natural gas system", or "System" shall mean the entire natural gas transmission and distribution system to be constructed by and for the said Town, including any portion thereof acquired by purchase or by construction, or hereafter acquired, for the purpose of serving the said Town, its inhabitants, and others with natural gas or natural gas service, including all facilities for the production, treatment, storage and distribution of natural gas, together with all extensions, improvements and enlargements thereof hereafter made or acquired by the said Town.

30. This by-law shall take effect on the day of the final passing thereof.

READ a first time and passed provisionally in Council this 21st day of June, A.D. 1960.

M. MACCAGNO,
Mayor.

F. D. CREIGHTON,
Secretary-Treasurer.

The foregoing is a true copy of By-law No. 326 which has been introduced, and which has been approved by the Board of Public Utility Commissioners order number 24733 dated June 24th, 1960, and which will be finally passed by the Council of the Town of Lac la Biche within four weeks from the assent of the proprietary electors thereto.

Voting on By-law No. 326 will take place at the office of the Secretary-Treasurer of the Town of Lac la Biche between the hours of ten o'clock in the forenoon and seven o'clock in the afternoon on MONDAY, JULY 25th, 1960.

On Tuesday, July 26th, at ten o'clock in the forenoon I will sum up the votes and declare the result.

Given under my hand this 25th day of June, 1960.

F. D. CREIGHTON,
Returning Officer.

"It Just Jolted Me Up A Bit"

By Dr. K. W. Tenove, Chiropractor

How often after some apparently inconsequential mishap you will hear the victim say, "Oh, I'm not hurt; it just jolted me up a bit."

It may seem a strange thing to say, but in a good many instances the victim of such an accident might have been better off had he broken a limb. In that case the obvious consequences of the disaster would have been immediately apparent and the proper remedial measures would have been taken.

Instead, in all too many cases, the disorder is undetected, and thus uncorrected. What happens very frequently in our jolts and jars is that there is a displacement of the vertebrae—the small, movable bones that comprise the spinal column. Such displacements are not necessarily painful and there are no immediate warning symptoms.

But here's the mischief of the matter: One or more of these displaced bones may impinge (or press) on a nerve line carrying vital energy to some part of the body. Deprived of this sustaining force a prime organ of the body withers and in time becomes diseased. It may sound fantastic to the uninitiated, but everyone who has accurate knowledge in such matters knows that a January jolt may result in a July "liver complaint" or "kidney trouble." And of course no amount of medication is going to restore the accident victim to sound health. You must call on your Chiropractor and let him correct the cause of your trouble through a series of skillful adjustments.

Much the better way, to be sure, is to adopt as an inflexible rule a visit to your Chiropractor immediately after any fall, jolt or jar, no matter how inconsequential it may appear. You simply cannot know whether you have suffered a displacement. Trouble may appear weeks or months later in a completely remote area.

In some persons displacements may occur simply as a result of sudden or awkward body movements. The best course of all, then, is to visit your Chiropractor several times a year, just as a preventive measure.

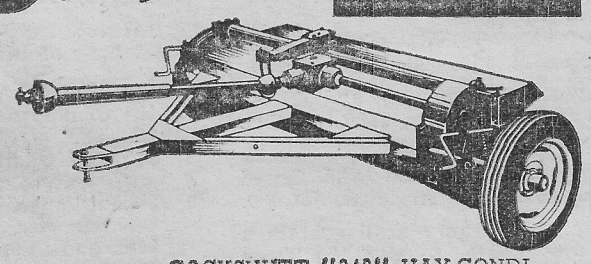
Those who get mad while playing a game should not play games.

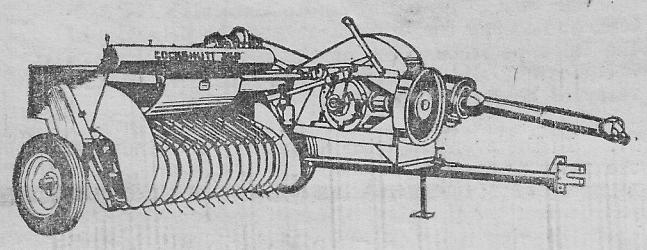
SALES HELP WANTED, MALE

YOU CAN ADD $15 to $25 A WEEK to your present income selling Rawleigh Household Necessities. Full time District also available. For full details write W. T. available. For full details write W. T. Rawleigh Co Ltd., Dept. EE-144, 589 Henry Ave., Winnipeg 2, Man.

MAKE HAYDAYS PAYDAYS with COCKSHUTT perfect working partners

COCKSHUTT "350" BALER - bale more tons per hour - largest pickup on the market, 60" wide. New Cockshutt balers have the famous side fork delivery for gentler handling - means less leaf breakage...packs more food value into every bale.





COCKSHUTT "340" HAY CONDITIONER - high speed crimping rolls do an efficient, thorough job of conditioning hay without cutting the stems or stripping the leaves. Speeds up haying operations - shortens hay curing time as stems and leaves dry at same rate - greatly reduces danger of weather damage.

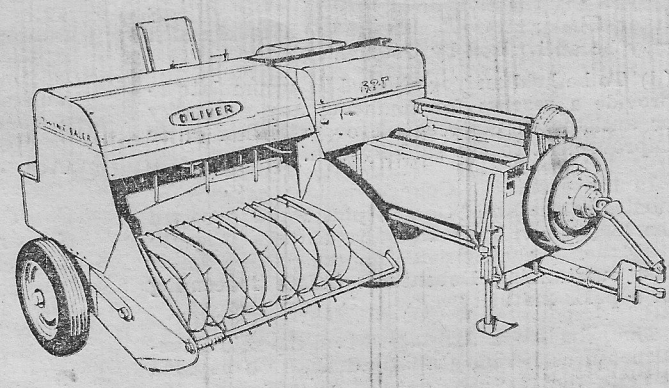
Fast worker... up to 12 tons per hour!



OLIVER No. 62-T BALER (Twine-tie)

Whether your crop is slick and dry or rank and tough, long-stemmed or short, this new 14 x 18-inch baler with Oliver's exclusive Roto-Flo feed produces bales of uniform density with minimum handling that saves more leaves. The 62-T has the highest capacity in its class, too; it gobbles up the heaviest bunches of material with smooth, positive action—up to 12 tons per hour, for as many hours as the job takes. The pick-up cylinder can't turn in reverse direction, thus saving spring tines from breaking or bending. And here are still more features that make the 62-T your best baler buy:

- Optional PTO or engine power
- Fast adjustable bale length—12 to 50 inches
- Hypoid-type main gearing withstands toughest conditions
- Simplified drive to packer fingers and feed mechanisms
- Low, smooth crown contour
- Straight double-knife slicing

OLIVER

Come in and see why this fast worker returns big earnings "through thick and thin."

GEORGE HOMENIUK

Phone 30 LAC LA BICHE

Ottawa Report

By Anthony J. Wright

The government has been hard-pressed during the past year by those who think our big airports should have drinks for tired travellers. Transport's George Hees has, rightly, told critics that the $5½ million spanking new Uplands terminal near Ottawa has a bar but that it cannot be opened for business until whoever leases it is able to get a permit to sell booze from Ontario. In other words it's the province that gives out the license.

Anthony Wright

But there's one international airport most Canadians will never visit where cocktails are flowing and the cash registers ringing merrily. It is Frobisher Airport on Baffin Island, stopover for transpolar planes. The department of transport has granted a license to a private concern there and the whites and natives thereabouts are pretty happy about it, not to mention the travellers who relish a drink in the sub-Arctic miles from the tinsel of civilization.

This is all part of Ottawa's drive — the chauffeurs being John Diefenbaker and Alvin Hamilton — to attract business and people to our north. But Ottawa is now getting worried about the Eskimos living it up on $2 martinis and 60 cent beers. The Mounties too must be wondering. There is only one Mountie at Frobisher and, ordinarily, his work would not be too hard. But when 2,000 or 3,000 persons settle there after the U.S. Air Force has built its Strategic Air Command base nearby for tanker planes, his problems may grow. At the moment there is a U.S.-manned radar base and the international airport at Frobisher. The airport runway is being made longer this summer.

RCMP Commissioner Harvison has not forgotten that a Mountie was killed last year while trying to deal with a tipsy Eskimo. However, I see no reason for denying Eskimos cocktails. After all we gave them pablum, rifles, baby bonuses and jobs on the Distant Early Warning line that pay a few Eskimos more than most of you or I will make any month.

Eskimos, government workers, their families, U.S. servicemen, air travellers and crews will not be the only ones putting down $2 for a martini at Frobisher soon. The place has a big role to play in Northern Affairs Minister Hamilton's play to lure wealthy American sportsmen and tourists to hunt for seal nearby and to fish for char in rivers near the base.

* * *

CLOSER THAN YOU THINK

Mr. Diefenbaker has until March 1963, before he need call another election. It is therefore most unlikely that he would call one this coming fall, next winter or next spring. However, he is a man of surprises, even his enemies will allow.

Therefore when on the weekend of June 18-19 the boys who collect funds for the Conservative Party gathered for talks in Ottawa, reports got around that they had been given orders to set things up so that, if Dief. decides an election is necessary soon, the campaign could slip straight into high gear.

The reports also say that if Dief does decide on a snap mid-term election soon it will be because he has an issue firmly in mind. What the issue would be I don't know but it would seem to concern defence. On what other topic would the prime minister want a clear and early mandate from the country? If Canada were going to make an abrupt switch in defence policy or to take some step, like the Arrow cancellation, which would arouse warm controversy, the government might feel it would be better to get the voting over soon. Anyway if there's to be an election within months, we'll know before long.

* * *

BRAVE AND COURTEOUS

A week before he himself died of cancer and at a time when he hardly had strength to hold a pen the late Brooke Claxton wrote to a former subordinate whose wife had herself just died of the disease. Takes a lot to crush some spirits!

Greased Lightning Will Zip Through New Electrical Cables

The original "greased lightning" soon will be travelling through a five-mile pipeline here.

The city electric light and power distribution system is pioneering the commercial use of aluminum electric cable in an oil-filled pipeline.

The aluminum cable is carried in a pipe 5/16 inches in diameter, filled with a specially refined oil at 200 pounds pressure per square inch.

Pressure oil lines for carrying electricity are not new to Edmonton, but this marks the first time aluminum cable has been used. In 1957 the city laid the first oil-electric line and followed it with a second a year later. In both cases copper conductors were used.

Aluminum is being used in the new line at a saving of $17,000, C. Z. Monaghan, superintendent of the system, said.

The oil acts as both an insulating and cooling medium. As insulation it aids the cable wrappings, and as a coolant it transmits heat to the pipe for dispersal through the earth.

The line under construction will be able to handle power up to 72,000 volts, Mr. Monaghan said. Its capacity is such that for up to four hours at a time—before heating becomes a problem, it can handle as much as 80,000 kilovolt amperes, an amount equal to the total city requirements in 1954.

Comletion date is Sept. 1.

Pumps are spaced along the line to maintain oil pressure.

Cost of the five-mile line: $443,210. It is buried at a four-foot level along boulevards and at 14 feet where it runs under roadbeds.

Mr. Monaghan said Regina was the first Canadian city to follow Edmonton's lead in oil pressure lines, but predicted the British Columbia Electric Co. and Quebec power commission probably will follow suit in the near future.

He said the lines were tried for several years during the early 1950's in the United States.

Edmonton's lines have proved highly successful.

Venice

Mr. and Mrs. Tony Bonifacio and children from Edmonton were recently visiting relatives in the district.

Mr. and Mrs. John Ball and Bonnie and Fred Ball from Boyle spent a day visiting with Mrs. Ball's parents, Mr. and Mrs. William Lefebvre.

Mr. and Mrs. Peter Gingras and daughter Jean from Edmonton visited relatives here recently.

Miss Olga Bakay from Lethbridge is spending a few weeks with her parents before her wedding which will take place in July.

JOHN DEERE 14-T TWINE-TIE

It Has Proved Custom Capacity On Thousands of Farms

Owners have proved the John Deere 14-T Twine-Tie Baler's label—the family-sized baler with true custom capacity.

From the extra-wide, power-driven pickup . . . to the large floating auger . . . through the rugged bale case . . . back to the bale chute, the 14-T is specially designed with tremendous capacity to give you steadier, faster baling.

Equally important, the 14-T is economical, low in first cost . . . a real money saver on maintenance costs. The John Deere is light-running, requires only a two-plow tractor for outstanding work in most conditions. And it's rugged, with extra strength to take the punishment of daily baling in heavy going.

The 14-T's simple adjustments . . . slip clutch and shear pin protection . . . and easy servicing take the "chore" out of baling.

Stop in soon and get the complete facts on the John Deere 14-T Twine-Tie Baler.

MAKE BETTER HAY FASTER ...GO JOHN DEERE

W. Nonnenmancher Weds I. Herrmann

ELLSCOTT — Irene, daughter of Mr. and Mrs. Otto Herrmann, was united in marriage, June 11, to Wolfgang Nonnenmacher of Edmonton in Ellscott Lutheran church, Rev. E. G. Goos of Edmonton officiating.

The bride was attended by one bridesmaid, her niece, Miss Diane Sampert, and by her sister, Mrs. Vernon Hennig, matron-of-honor.

Best men were Mr. Vernon Hennig and the bride's brother, Mr. Herbie Herrman.

After the ceremony a reception was held in Ellscott hall, followed by a wedding dance.

Caslan

Mrs. Nick Cherniwchan was in Lac la Biche for medical attention.

Mr. and Mrs. Donald Henson and family and Mr. and Mrs. Berton Henson, all of Edmonton, spent the weekend here with relatives.

Alex Cherniwchan was a patient in the Lac la Biche Hospital.

Mrs. Gordon took her junior room pupils to the beach at Buck Lake for a picnic.

Nick Krawchuk is visiting with relatives in the district.

Interested members of the Ukrainian Greek Orthodox Church are working on the building at South Noral.

Mr. and Mrs. William Purich & relatives from the Smoky Lake district joined with the Henson relatives on Sunday for a picnic at Buck Lake.

Mrs. William Giblak is visiting her son Bob who is with the RCMP in Ottawa.

Alex Daniluk has returned home from a trip to Edmonton.

George Ramsum has been a patient in the Lac la Biche Hospital.

Harry Wolansky was a recent visitor to Edmonton.

Buddie Kobrak and Alan Henson have been to Edmonton to look for employment.

Bill Gordey was a business visitor to the city last Thursday.

Careless typewriting, or typesetting, adds many new, and sometimes luscious, words to the language.

Atmore

Miss Sharon Ballard has gone to seek employment in Edmonton during the summer months.

Stanley Ballard and David Heatherington were business visitors to Boyle last week.

Two sets of twin calves were born on the Ross Tucker farm here recently.

Mrs. Lloyd Dakin was a business visitor to Edmonton recently. While there, she motored to Calgary to attend the shower given to the fiancee of her nephew, Clifford Cyrs.

Mr. and Mrs. Dewey Tucker and family of Edmonton were visitors at the Ross Tucker home here last weekend.

The box social and dance, held in the Grassland Community Hall was well attended. Proceeds were for the Anglican Church.

Lac la Biche

Len Blasius, assistant forest clerk of this town is receiving congratulations on winning a 1960 4-door Ford Fairline in the recent newspaper bingo.

Guests at the Klein home over the weekend included Mr. Klein's sister and brother-in-law, Mr. and Mrs. Fred Hicktery of Shaunovan, Sask., and his brother and sister-in-law, Mr. and Mrs. John Klein of Edmonton.

Miss Marilyn McMillan, who is employed at a pharmacy in Edmonton, spent last weekend at her home here.

The bingo sponsored by the Lions Club, the Fire Brigade and others and held June 23 in aid of the recreational fund, netted $31. The effort was poorly attended, due no doubt to other affairs conflicting with that date. Frank Bouvier won the $100 cash prize.

Miss Angeline Courtney has returned to town to take over her Beauty shop. She reopened June 27 for business. Miss Faye Hunter, who was the former proprietor, has gone to southern Alberta to open a shop.

Louis Bourassa, 78, Buried At Plamondon

PLAMONDON — At St. Catherine's Hospital, Lac la Biche, Louis Bourassa, age 78 years, passed away recently.

Born in Quebec on May 7, 1882, he came west to St. Albert about 1909 with his family. He resided in St. Albert for a number of years and then ,with the pioneer spirit, moved to Plamondon where he opened the first blacksmith shop. He worked at this trade for many years. In later years he, with his family, moved back to Collington, then to Beverly, after having resided in Plamondon for 15 years.

It was during these years his first wife passed away. He was active in the Beverly community affairs for many years. In later years he married Mrs. Mathilda Chevigny, widow of the late George Chevigny, also a pioneer of the Plamondon district. After this marriage they resided in Beverly until two years ago, when they returned to Plamondon to make their home. He had been in failing health for the last two years though always active with his woodworking, making his home a showplace of the town.

He is survived by his wife Mathilda; two sons Raymond and Roger of Beverly; four daughters, Mrs. Wildred Paridis (Jeane), Aurio La Rose and Mrs. Gordon Rhodes (Simone) of Edmonton and Mrs. Fred Wagner (Marguerite) of Beverly; 20 grandchildren; three great-grandchildren; four brothers, Noe, Alixion, Arthur and Ediois and two sisters, Mrs. Frederick Plamondon (Odenia) of Plamondon and Mrs. Benoit Plamondon (Aurio) of Breynat.

Funeral services were held from St. Isadore's parish church, Plamondon. Rev. Fr. Croteau officiated assisted by Rev. Fr. Viel and Rev. Fr. Noel.

Interment was in the Plamondon cemetery.

Accident Victim Home For Weekend

FRAINS — Many residents gathered at the Nahrabinchyk home on June 19 to greet Dmetro Nahrabinchyk who was home for the weekend. He is in good condition and hopes that he will soon be home to stay.

His right side is completely paralyzed and he is unable to see out of one eye. His speech consists of only few words. Mr. Nahrabinchyk has been in the University Hospital in Edmonton since his accident last July.

Pretty girls are prettier every year.

Frains

Mr. and Mrs. Pfau and Mr. and Mrs. Nick Hussynec of Edmonton, spent several days at their parents' homes after touring part of the United States.

Rae Kolach visited home for a week while on his vacation.

A big crowd attended the wedding dance in Frains Hall held for Mr. and Mrs. Johnny Poleschuk, nee Jen Shwetz.

Home for the weekend recently were: Dmetro Nahrabinchyk, from the University Hhospital in Edmonton; Anne Nahrabinchyk, Mike Kowalyk and his fiancee Olga Broda; Nadie Kowalyk, Nick Mamchur, Mr. and Mrs. Bill Kashuba and Karen Lynn; Mr. and Mrs. Alec Greschuk and Gerry Glen; Fred Ustina, Mr. and Mrs. Ed Onushko and family and Mike Horhut.

Attending the wedding dance for Mr. and Mrs. J. Poleschuk were Mr. and Mrs. Ron Eagleson, nee Elizabeth Kmech, of Fort Saskatchewan. Mrs. Eagleson was a long time resident of this district.

John Pfau is starting to build a house.

Visiting Mr. and Mrs. George Waselenchuk recently were Mr. and Mrs. Alex Pfau from Edmonton and Mr. and Mrs. George Gordey and family of Caslan.

Mrs. William Kowalyk is a patient in the Lac la Biche hospital.

Jacob Hussynec is a patient in a hospital in Edmonton.

Mr. and Mrs. John Hussynec are the proud parents of a baby girl.

As a small crowd attended the bingo in the school it was postponed until June 25.

A church service was held in Frains Catholic church on Sunday, June 19.

Hank Arken was visiting his grandmother, Mrs. Anna Hewko for a week.

David Pusharsky, Mrs. K. Kuyek and Freddy Shyian made a trip to Edmonton last week.

Due to heavy rain the road was in a poor condition last week.

Some residents attended the wedding in Blue Jay for Mr. and Mrs. John Fedrick.

Every Dollar You Spend "At Home" Helps Our Community to Grow

Just think about it for a minute

A good part of every dollar you spend with our local business goes directly into circulation in our own community in the form of salaries and wages, and taxes which make possible the improvement of educational, health and recreational facilities.

That's why it makes such good sense to spend those precious dollars "at home", especially when quality, style, selection and price of the merchandise and services offered compare quite favorably with those in the "city".

The local businesses depend on your support, just as you depend on them for convenience, and for the contribution they make for the betterment of our community.

Leonard Romans Toasts Parents At Grassland Graduation Exercises

CHARON — At the graduation exercises held at Grassland high school recently the toast to the parents was proposed by Leonard Romans in the following address:

"Mr. Toastmaster, Parents, Teachers, Honored Guests, Ladies and Gentlemen.

"This graduation day must be a gread day for our parents as it is for us. After many years of patient waiting and tireless support, they have the opportunity to see us graduate. With the affection of a child and the gratitude of an adult we can express our sincere thanks to our parents.

"After this day most of us will go out into the world on our own where we will strive to do our very best so that you many be proud of us.

"So now from all of us graduates, thank you Mom and Dad.

"The human brain is the most wonderful mechanism in the world. It begins functioning the moment you're born into this world and never stops until you stand up before a group of people to make a speech."

TEACHER'S REPLY

Mrs. Lucka gave the reply to the toast to the teachers:

"On behalf of the teachers I accept the toast and wish to thank you for the kind words. I also wish to say, that we, the teachers, have enjoyed working with you.

"The teachers have been implanted into your world to try to prepare you for the adult world. I hope our efforts have not been in vain. My personal experience with you, however, in this past year tells me that we will be rewarded in our efforts.

"We wish you the best of success in your future undertaking."

TOAST TO COUNTY

The toast to the county of Athabasca was proposed by Alma Seminuk:

"Mr. toastmaster, honored guests, teachers, parents, and fellow students.

Since the county of Athabasca was organized, it has accomplished much for its people. The county has provided Grassland with this beautiful, modern 15-room school, complete with a large gymnasium. We have a school library and a laboratory, which, though not fully furnished as yet, are a great improvement over anything this school has ever known.

Library books and school textbooks are rented out by the Athabasca County for the benefit of all planthe students. For the graduates who plan to enter the faculty of education at the university, the county offers aid in the form of bursaries.

On behalf of the graduating class, I would like to thank the county council for all it has done for us.

Ladies and gentlemen, the county of Athabasca.

A person cannot take his money with him, but he can take the satisfaction of having used it to help other people with him.

Plamondon

Sympathy of the residents of the ntire district is extended to the amily of the late Louis Bourassa, ne of the old timers of the district, who passed away recently. Also to the Klimiuk family on the loss of their father, an old timer of the Blue Jay district.

Leo Perner and Frederick Bourassa paid a short visit to Lloydminster where the Perner family is now residing.

Mr. and Mrs. Napoleon Gauthier have recently returned from a trip to the United States.

Joe Bowen has left for Toronto due to the illness of his sister.

Herbert, a lovesick but suspicious sailor, bought his girl some stationery.

The wise man sees to his INSURANCE NEEDS and then relaxes.
